Your Editors Waffle

Members who were unable to attend the AGM last week will be pleased to hear that a new committee has been elected and that the club will continue to operate, probably in a similar fashion to how we have been operating this past year. We have had our lease renewed until 2025 so we will probably continue to meet in the Wood Street rooms. There was a suggestion that we consider meeting at the Red Hill Community Centre, an idea which certainly has merits, but in the meantime, we will continue to work from our present rooms.

Something which will probably happen is to sell or donate our computers which have not been used for over a year. Most people now own a laptop, which means that the desktop PC is becoming redundant as a personal machine. We would like your suggestions as to an organization which needs one or more machines. They have the latest Windows 10 operating system and have been maintained over the time of non-use.

At the time of writing, we have not organized a speaker for the next General meeting so this may not occur in June. We will let you know if there is any change. In the meantime the Special Interest Groups will continue as these groups are now the backbone of the club.

The Blood Moon Lunar Eclipse.

Special Interest Group Meetings

Camera and Photo Workshop Group

At the last meeting we saw some interesting photos of reflections. We also viewed a video describing interesting techniques to photograph food and drink, which is the June subject. Also if you photographed the moon eclipse last week, please bring these photos to show us. The June meeting will be held at 9.30am on Thursday June 17th.

Genealogy Group

The Genealogy Group will meet on Tuesday June 1st at 1.00pm. We investigate different websites for historical information about our ancestors.

Tuesday Tutorials

These tutorials are offered each Tuesday from 10am to 12 noon. Please bring any questions you may have to these sessions. Bring your laptop or tablet if you use one.

Apple Mac Group

Whether you are a new user, beginner or advanced you are welcome to attend our group and share your Mac experience. Also, for Ipad users to learn new skills and more uses for your device. In June we will meet each Thursday, 9am to 11.30am at the Learning Centre unless a General meeting is held. We will discuss items of interest from the information sent to us by John.

For further information contact John Rose; <jlrose@ix.net.nz>

[General Meetings.](#)

As most of last years committee have retired the new members have not yet organised a speaker for the June General meeting so we may not have a General meeting in June. We will advise you separately if a speaker can be arranged for a meeting.

[SeniorHangouts website](#)

At the AGM the Regional representative from SeniorNet attended and she had a long discussion with us on how the Federation could help us to remain active, especially when so many SeniorNet clubs are folding. She reminded us about the SeniorHangouts information website which is currently undergoing an upgrade and is promised to be back on line on June 1st. Sometime next week you should have a look at this website just to see what information is being presented.

Look up <https://seniorhangouts.nz>

As the digital world is expanding very quickly, this offer would be a particularly useful tool to keep us up to date with new technology if you have no other source of learning.

Waiver

From time to time some of our members volutarily give help and advice to other members on matters relating to computers, associated equipment and software. This help or advice is taken at the recipient's risk and imposes no responsibility or liability of any kind either on those providing such help or advice, or on SeniorNet Papakura Inc.

This includes all information provided in whatever fashion, including emails, newsletters or programmes provided on the courses, plus information provided by guest speakers.

Any personal items are brought to the Learning Centre at your own risk. SeniorNet Papakura and its members cannot be held responsible for any loss or damage. We urge all members contemplating removing such items from their home to carefully check their Insurance Policy or with their Insurance Company to ensure the item is fully covered.
